---

<sup>1</sup> The strategies indicated by number are as follows:

1. Study what exists now in terms of evidence-based public health and emergency preparedness practices and policies.
2. Catalyze new efforts to develop evidence/science-based practices and policies.
3. Develop and advocate for evidence-based practice and policy recommendations.
4. Promote sustainability of evidence-based practices and policies.
5. Prioritize 2010 objectives for the Council's review and decision making.
6. Communicate the Council's progress to all stakeholders in an open and effective manner.
7. Recommend actions and policies to address public health problems.
