Wisconsin Public Health Council Agenda

Page 2

Public Health Council - Making a Difference since 2004:

- Drafted and approved a resolution on tobacco use and legislation that would advance Wisconsin as a smoke-free state;
- Drafted and approved a resolution to encourage the Governor and the Department to preserve the Department's ability to deliver comprehensive Family Planning funding to the best qualified providers;
- Drafted and approved a resolution to encourage the Governor and the Department to preserve the Family Foundations Home Visiting Program;
- Sent a motion passed by the Public Health Council to the Board of Regents about changing the name of the UW Medical School to the School of Medicine and Public Health;
- Sent a letter to the Joint Committee on Review and Administrative Rules in support of Clearinghouse Rule 05-033, which allows dental hygienists to be certified as Medicaid providers and allows hygienists to bill the Medicaid program for preventive dental health services provided to eligible patients;
- Drafted and approved a recommendation to the Department of Health and Family Services to implement a Policy Statement that the State of Wisconsin ensure that target populations have priority access to vaccines and that each local and tribal health department, in collaboration with its health care providers (hospitals, clinics, etc.), is requested to set an annual threshold, which is to be reached by November 15th, for the vaccination of target populations;
- Sent a letter to the Exploring Accreditation Steering Committee endorsing its proposed model for a voluntary national accreditation program for state and local public health departments.
